## **APAAACI Drug Allergy Committee**

### **Chairman:**

Bernard Thong (Singapore)

### **Co-chairs:**

Masao Yamaguchi (Japan)

Ticha Rerkpattanapipat (Thailand)

### **International advisors:**

Pascal Demoly (France)

Mariana Castells (USA)

### **Members:**

Wen-Hung Chung (Taiwan)

Philip Li (Hong Kong)

Hae-Ryun Kang (Korea)

Byung-Keun Kim (Korea) (Junior Member)

Michaela Lucas (Australia)

Nagami Mitsuo (Japan)

Tang Min Moon (Malaysia)

Iris Rengganis (Indonesia)

Tsai Yi-Giien (Taiwan)

James Yun (Australia)

### **Objectives:**

1. To understand locoregional epidemiological differences in Asia, identify potential biomarkers, and characterize phenotypes and endotypes
2. To establish best practices and care guidance on the evaluation and management of drug allergy/ hypersensitivity in the Asia
3. To promote accurate drug allergy labelling among physicians and improved pharmacovigilance among regulatory agencies.

### **Projects**

1. Beta lactam (BL) allergy in children and adults: diagnostic in-vitro, in-vivo tests, and direct provocation tests
2. Severe cutaneous adverse reactions (SCAR) in Asia, including tuberculous drug allergy
3. Non-steroidal drug hypersensitivity
4. Radiocontrast media reactions
